### **Blood** is Purified

Here is a Remedy that has Wonderful Action and Promotes Health.

Mingling with your food, arousing stomach action, absorbed immediately into your blood, the famous remedy known as S. S. has a wonderful action. Its main purpose is to stimulate cellular activity or that peculiar process which instantly changes the wornout cells for the new red blood.

nents of S. S. S. is relatively just as vital to healthy blood as the nutriment obtained from grain, meat, fats, sugars vital to healthy blood as the nutriment obtained from grain, meat, fats, sugars or any other part of our daily food is to the natural reconstructive requirements of the tissues. And there is one component of S. S. which serves the active purpose of stimulating the cellular tissue to a healthy and judicious selection of its own essential nutriment. Thus, in cases of skin disease such as eczema, acne, herpes, tetter or psoriasis, first purify your blood with S. S. S. so it will enable the tissues to rebuild their ceilular strength and regain their normal health.

You can get S. S. S. at any drug store, but take no other so-called blood purifier.

S. S. S. is purely a botanical product, and you will make a great mistake to have some enthusiast palm off a mineral preparation that may do you irreparable harm.

S. S. S. is prepared by The Swift Specific Co., 191 Swift Bidg., Atlanta, Ga., and if you have any obstinate skin trouble, write to their Medical Department for free advice. It will be worth your while to do so.
